

The Owl Barn

Little Seed Field

Wedding Magic

**Romantic statement setting
in the Heart of North Yorkshire**

Welcome to The Owl Barn

Introducing the Owl Barn at Little Seed Field. A centuries-old, rustic, wedding venue oozing character and charm, set on a working farm in the heart of the Yorkshire Dales.

Small enough to create a romantic atmosphere for elopements, yet large enough to seat fifty guests, our barn provides a unique statement setting for the celebration of your marriage.

Our alternative, outside ceremony locations offer sweeping views, quiet intimate woodlands and romantic water edges, with more space and flexibility to create a mini festival-style event.

With onsite glamping accommodation for up to thirty guests and options to hire our venue exclusively for you, hire just the barn or create something larger, more extravagant, our venue offers a blank canvas setting immersed in the beauty of the wild Yorkshire Dales.

Combining our unique wild location, with our relaxed, personal, approach to wedding coordination, we have created a truly unique wedding venue we cannot wait to share with you!

“If you’re outdoorsy, love being immersed in nature and have an eye for beautiful aesthetics this is the place for you, whether it’s a romantic wedding for two or a wedding for 80! Book it – you’ll make memories to cherish forever!”

ALICE & DAN

Whimsical & Wild

Rural & Romantic

How to find us

“The best part about having our wedding at Little Seed Field is the relationship we have built with Joanne and the sentimental connection we have with the land. We have stayed in the cabins previously, celebrated our engagement in the snow there and will be able to return in the future to admire the beauty of the location and remember our day together.”
