LITTLE SEED FIELD

WEDDINGS • GLAMPING • FARM

Welcome to Little Seed Field, my unique, alternative, wedding venue!

Located on our working family farm on the edge of the Yorkshire Dales, Little Seed Field is family owned and run. This is my home and I love this place. I feel truly humbled to be able to welcome couples here to celebrate their marriage and future together.

Little Seed Field is a uniquely versatile licensed wedding venue. Versatility to be able to host intimate elopements, gorgeous smaller gatherings and much grander affairs. As well as versatility in the spaces I have to offer my couples - the beautiful stone barn, the cobbled courtyard, stunning outdoor marquee spaces and the most amazing panoramic views for those all important photographs.

In addition, and with space for up to 27 guests, my on site cabin accommodation provides the perfect base for extending your celebration across multiple days.

At Little Seed Field, I plan to host only a small number of weddings each year, and pride myself on offering a personal, tailored service for each of my couples. From booking, through all of the planning stages, to on the day wedding coordination, I will be there with you every step of the way.

At Little Seed Field you celebrate surrounded by nature.

A Little Seed Field wedding is rustic, wild and beautiful.

Choosing a wedding at Little Seed Field, is choosing to celebrate in a way that is unique and personal to you, surrounded by the people you love, in a place I hope you will also grow to love.

“Thank you again Joanne and the Little Seed Field team for a wonderful wedding, we keep telling everyone how fantastic it was - it was the wedding I didn't know I wanted!!”

{Teigan & Gaz}

“From the moment we met Joanne and saw the unbelievable setting, we knew that we'd found the perfect venue. Joanne was fabulous from start to finish, We didn't want to conform to all the traditions and wanted to create a day around us, which Joanne and this venue actively encourages. We were able to plan our day exactly as we wanted it, decorating exactly how we envisioned and using all the suppliers we preferred. If we were to do it all again, we wouldn't change a single thing”

{Jess & Chris}

“We couldn't be happier with how you were as our wedding venue and hosts, you were brilliant on the day and it was nice to be able to relax knowing you had everything in hand”

{Alethea & Amelia}

LOW IMPACT

I care very much about nature and the natural environment and believe that beautiful weddings can be hosted in a low-impact, sustainable way. I have loads of props that can be hired and there are heaps of places for your florist to forage for greenery and decoration!
I love to see couples take inspiration for their surroundings.

PERSONAL

I believe that hosting a couples' wedding day is truly an honour. For you to choose my venue means you entrust one of the biggest days of your life to my hands. I dedicate time to work closely with all of my couples to understand their vision and styling and will be on hand either in the background, or more actively, every step of the way.

INCLUSIVE

My venue is a working farm and the buildings here are over 100 years old. I have worked really hard to ensure that accessibility requirements can be accommodated. I will work closely with you to understand your needs (and those of your guests) to ensure that you can all enjoy the celebrations together. If you have specific questions please contact me.

FLEXIBLE

I love this word! I don't think it is one that you often hear used to describe wedding venues. I want you to have the wedding of your dreams and I don't want to influence you into any 'must have' or stale traditions if you don't want them. I can advise on what works well here and what is possible. Hosting uniquely, individual weddings is my dream job!
